AARP Report: Generics 18 Times Cheaper Than Brand-Name Drugs

"The magnitude of the difference between the average retail prices for brand-name drugs and the average retail prices for generic drugs is growing and it is substantial," says Leigh Purvis, AARP's director of health services research.

**STOP 
GREED
CUT DRUG PRICES NOW**

It's unfair that Americans pay the highest prescription drug prices in the world. We must crack down on price gouging and the greedy practices that keep prices artificially high. It's time our leaders stick up for people 50+ and their families.

TAKE ACTION!

**Socialism
SUCKS**
